- ★ A safe and exciting children's park with swing-sets, merry-go rounds, see-saws and slides.

OUR STORY: A JOURNEY OF GROWTH AND EXCELLENCE

Established in 1997 in Kurseong, Darjeeling, our school began as a modest institution focused on academic excellence and holistic growth. As we expanded, we moved to a larger facility in Kurseong, and by 2011, we started building our Siliguri campus for better connectivity and modern amenities. Today, with boys, girls and a primary wing, we continue nurturing future leaders, blending nature's serenity with urban convenience.

Today, we stand as a beacon of educational excellence, committed to nurturing future leaders while staying true to our roots with three wings: boys, girls and a new primary wing.

Vision of the School

Sacred Heart School envisages bringing up committed, confident and conscious youngsters who will offer themselves as catalysts – transforming the society by harmoniously blending human, spiritual, personal and social values.

The institution's constant and consistent endeavour is to attain excellence in the field of education and to elevate itself to the position of a unique and praiseworthy centre of learning.

Curriculum

At SHS, boys and girls are admitted from Upper KG to class 7 and are prepared for the ICSE and ISC exams. Students can opt for a combination of English, Mathematics, Computer Science, Physics, Chemistry, Biology, Commercial Studies, Economic Applications, History, Geography, Sociology, Hindi, Bengali and Nepali. For class 11 and 12, we offer Science, Commerce and Humanities with extra assisted coaching for competitive exams like JEE, NEET, CLAT, CA and UPSC.

Along with these, the school recognises the most urgent and sacred part of its duty is to form the character of those committed to its care. Value Education forms a compulsory part of the curriculum along with SUPW as commissioned by the Council. In addition to these, we are also planning to introduce financial literacy and other life skills from the upcoming academic sessions.

SHS Foundations:

The dedicated Primary School wing of Sacred Heart School, Silliguri.

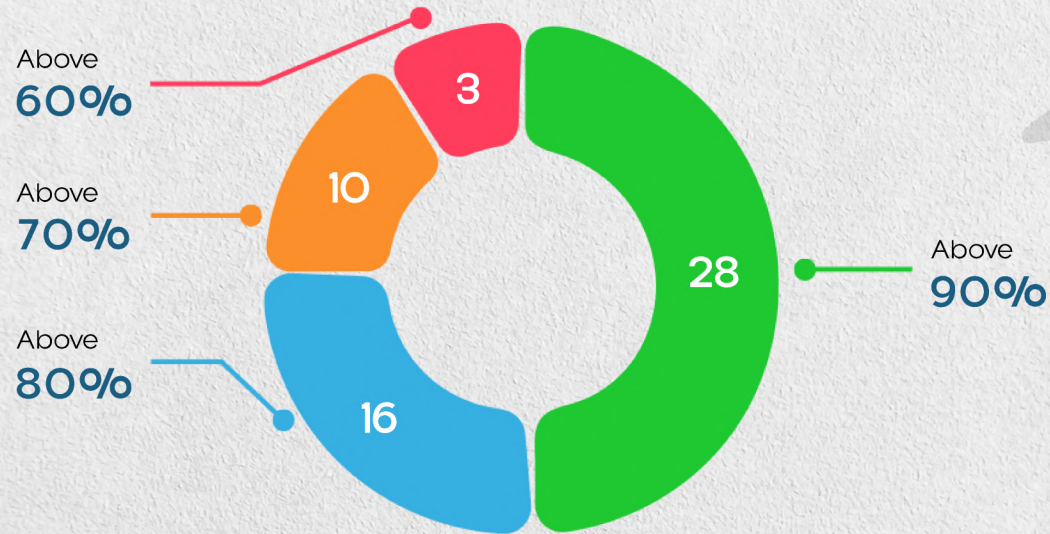

Our hands on, interactive and nurturing classes imbibe Montessori techniques and Play Way methods. Children learn by doing and feel at home. They build a strong foundation & also have fun in the process!

New Facility:

A safe and exciting children's park with swing-sets, merry-go rounds, see-saws and slides.
