A JOURNEY OF 30 YEARS.

Established in 1997 in Kurseong, Darjeeling, Sacred Heart School began as a modest institution with a clear focus on academic excellence and holistic development. As the school grew, the need for enhanced facilities and improved connectivity led to the development of a larger campus.

In 2011, the foundation of the Siliguri campus was laid, combining modern infrastructure with a serene natural setting. Over the years, the school expanded to include dedicated wings for boys, girls, and a newly developed primary wing.

Today, Sacred Heart School stands as a well-established residential institution, blending structured learning, discipline, and care while remaining rooted in its original values. We look forward to our grand 30-year celebration in 2027.

CURRICULUM

We offer education from Kindergarten to Class 12 under the ICSE and ISC curriculum, with streams in Science, Commerce, and Humanities. Students benefit from Value Education, SUPW, Life Skills, and NCC, along with hands-on learning through Robotics & AI and Mathematics labs.

For Classes 11 and 12, subjects such as Modern English, Applied Mathematics, Psychology, and Entrepreneurship expand academic choices. We also provide coaching and guidance for competitive exams including CUET, JEE, NEET, CLAT, and CA

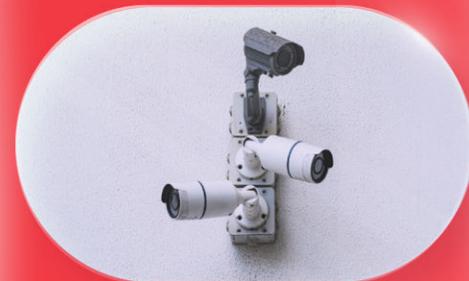

VISION OF THE SCHOOL

Sacred Heart School strives for excellence in education and aims to be recognized as a distinguished centre of learning. Our vision is to provide a holistic and inspiring environment where every student can achieve their full potential and grow into responsible, ethical, and capable individuals.

ZERO COMPROMISE ON SAFETY

- GPS-tracked school vehicles
- Guarded arrival and dispersal
- Mandatory ID verification for all visitors
- Alcohol breath analyser checks for bus drivers
- 24x7, 360-degree CCTV surveillance across the campus

SHS PRIMARY WING

The Primary Wing at Sacred Heart School, Siliguri provides a warm, secure, and child-centred learning environment designed to support early childhood development. Montessori and Play-Way methods form the foundation of learning, encouraging exploration, hands-on activities, and joyful engagement.

The Finland-based Arctic ICT Programme is introduced in an age-appropriate manner to develop logical thinking and early digital awareness.

The campus also includes a safe and engaging children's play area equipped with swings, slides, and activity zones that support physical development, coordination, and social interaction.
